

Non Wood Forest Products

What are they and why do we in the West care about them in your Central African rainforests?

Laurie Clark

International Forestry
United States Forest Service

•Introduction

- How do NWFP address our concerns in the Congo River Basin?
- What are Non Wood Forest Products (NWFP)?
- Why NWFP and not forest conversion?
- Issues associated with the development of NWFP
- How can we gain a more accurate picture of the current NWFP sector?
- Summary
- What I hope that you will gain from this presentation?

- Introduction
